## CampSITE: YES, THAT IS A CAR HANGING ON THE SIDE OF THAT BUILDING ON COLERAIN...

Local Camp Washington artists **Sean Mullaney** and **Lacey Haslam** are pleased to present the CampSITE Sculpture Park, located at 2868 Colerain Avenue in the urban environment of Camp Washington. This outdoor social sculpture park currently includes works by artists Matt Lynch, Rick Wolhoy, Chris Vorhees, Alyssa Weber, Jamie Payne, Sean Mullaney, Anna Peterson and Edward Sanchez.

Join us on Saturday, July 13 to celebrate the new sculptures by 18 University of Cincinnati's College of Design, Art, Architecture and Planning (DAAP) students. The opening reception will be from 5 pm until 9 pm during Camp's Second Saturday Art Walk event which includes local vendors organized by Anh Tran and Sidney Hilly of Look Collab. Joe Girandola's wood fired oven will offer pizzas and drinks are sponsored by Rhinegeist. Activities by Visionaries and Voices and music provided by DJ Paloma.

*"Social sculpting takes hold of not just physical, but also mental, psychic and spiritual matter. The raw materials of social sculpture are the ways we think, feel, perceive, speak, listen to and talk with each other.*

*Whatever we bring into the world begins as a thought, an imagining or an intention before it materialises...*

*Thus, the primary aim of social sculpture is not to bring objects into the world, but rather to reshape the deformations of our society into forms that can really be considered humane and in the interest of the common good."*

*-Hildegard Kurt, Cultural researcher and author*

CampSITE is a social sculpture park that aligns with Joseph Beuys' belief that every human being is an artist. The sculptures change on a rolling basis, inviting artists and non-artist to gather, present ideas, and activate space through activities and collaborations. The sculpture park is free and open to the public with announced gatherings taking place on the second Saturday of each month from May through October. We look forward to participating in Camp Washington's Made in Camp event on October 12, 2019.

Currently undergoing a renaissance, Camp Washington is home to artists and galleries such as Mark

CAMP WASHINGTON CHILI  
INTRODUCES THE GOETTA-INFUSED  
'513-WAY'**

Dubbed the '513-Way', the dish includes three slabs of Queen City Sausage goetta — a German sausage-oatmeal-meat mixture that's typically fried up on a griddle — covered in Cincinnati-style chili, beans, onion and cheese.

## **PNC FOUNDATION AWARDS HOUSING GRANT TO CWCB**

CWCB has received five grants from PNC Foundation since 2014. What is super cool about this partnership is that community development consultant Dwen Chester has encouraged us to apply with some very creative projects. Adding a porch, stabilizing a foundation, supporting our office functions with a new phone and internet connection are some examples of the projects PNC has supported. Recently, we received a \$19,500 grant to reclaim a two-family house that was nearly destroyed by previous tenants. The grant will allow us to update the premises. Small infusions of support by PNC Foundation since 2014 have led to big changes in The Camp.
