Camp Washington Artists

Open Houses, Oct. 14 and 21

Camp Washington's community of 40-plus artists, galleries and makers are collaborating on successive Saturday open houses this month. Designated "***Made in Camp***," the October 14 and 21 events are set for 10:00 am through 2:00 pm and will be complimented by demonstrations offered by two Camp Washington manufacturers.

A new brochure will be available listing The Camp's artists, galleries and makers and incorporating a locator map for the convenience of visitors. Brightly colored signs hung along the route will match up with the numbered artist locations on the map.

Four vans will be circulating the art route throughout the four-hour time slot so that the public can hop on and off at the various art sites. The vans begin their routes at 10:00 am at the American Sign Museum where special parking has been arranged. The public may also drive and walk the route on their own, after picking up the map and list of artist open houses at the museum.

Demonstrations will be offered at two area manufacturers on both Saturdays: Neonworks will be demonstrating the art of tube bending at 11:00 am; Casting Arts & Technology will take visitors through the casting process, both at 11:00 am and 1:00 pm. Additionally, visitors taking part in ***Made in Camp***, can purchase tickets to visit the museum at a discounted rate of \$10.00 that day, or use the discounted ticket for a future visit.

Funds for the coordination of the event and creation of the brochure were provided by the more than 40,000 contributors to the ArtsWave Community Campaign.

Matching support was provided by the Haile/U.S. Bank Foundation; other supporters included the Camp Washington Business Association, American Sign Museum and several private donors.

For more information, go to: www.camp-washington.org/campartists or call James Heller-Jackson at (513) 256-8908.
